Introduction

Why Should I Eat Breakfast?

Breakfast is the most important meal of the day. It gives us the energy to make it through the day and keeps our metabolism high as well. It's easy to skip breakfast with everything we have going on in the morning. After all, we have to walk the dog, get the kids ready for school, feed the cat, iron the blouse we're planning on wearing to the office etc. Fixing a healthy and nutritious breakfast just doesn't seem to fit in.

How Am I Supposed To Find Time To Cook Breakfast Every Morning?

The solution is a breakfast smoothie. You'll find quick and easy recipes for a variety of smoothies in this ebook. The nutritious shakes blend together in a matter of minutes. Just pour your favorite breakfast smoothie in an insulated cup and you have breakfast to go.

What About Dinner?

Evening can be almost as hectic for many of us. We have the best intentions to feed our families nutritious meals, but then reality sets in. We spend all day driving the kids around, or are running late because of a long meeting at work and before we know it is 6 pm and there isn't a green vegetable or lean piece of meat in the fridge.

That's where we come in. Each week we send you 7 healthy and nutritious dinner recipes along with a grocery list. No more reason to order take-out or a pizza. You will have everything you need to cook a healthy dinner for your family. Give us a try today at recipes.healthymenemailer.com
