**Croissants**

**RECIPE**
- 11/2 Teaspoons Dry Yeast
- 1/2 Cup Bread Flour
- 1 Teaspoon Salt
- 1 Tablespoon Sugar
- 1/2 Teaspoon Shortening
- 1 Large Egg
- 1/3 Cup Warm Water
- 1 1/2 Sticks Chilled Sweet Butter, Cut into Thin Slices

**Baking Process**

1. Put the dry active yeast in warm water. Add the remaining ingredients except the water and the chilled butter.

2. Carefully pour in warm water.

3. Press the START button.

4. Press the START button.

5. Deep sound indicates that first rising process is finished. Remove dough and flatten it into a rectangle approximately 1/4 inch thick. Put the flattened dough on a greased pan. Cover the pan and put the dough in the freezer for one hour.

6. Remove the dough from the pan and roll out to a 1/4 inch. Cover the dough with the chilled butter slice and roll to incorporate. Fold the dough three times, rolling after each fold. Cover the dough and let rest in the refrigerator for one hour.

7. Remove the dough from the refrigerator. Fold dough over three more times, roll lightly after each fold. Cover the dough and return it to the refrigerator for two more hours.

8. Gently roll dough until 1/4 thick. Cut into triangles. Brush each triangle lightly with a beaten egg wash. Roll up starting from the bottom to the top. Form into a crescent shape and place on a greased baking pan. Cover with a clean cloth and let rise until doubled in size in a warm place.

9. When the croissants have doubled in size, brush with the remaining egg wash and bake in a 350°F preheated oven until golden brown.
Table rolls

RECIPE
- 1/8 teaspoon Dry Yeast
- 2 cups Bread Flour plus 2 tablespoons
- 1 teaspoon Salt
- 1 tablespoon Sugar
- 1 tablespoon Dry Skim Milk
- 2 tablespoons Sweet Butter
- 1 Large Egg
- 1/2 Cup Warm Water

Baking Process

1) Put the dry active yeast in the inner pot. Add the remaining ingredients except the water.

2) Carefully pour in warm water.

3) Press the Select button for "MANUAL".

4) Press the START button.

5) beep sound indicates that the first mixing process is finished. Remove the dough and form into 8 equal balls. Put on a lightly greased baking pan and let rise covered, in a warm place, for 30 minutes.

6) Form the balls into a tear drop shape and roll until 1/4 thick. Roll up the strip starting from the wide end to the narrow tip. Place each roll on the baking pan, cover and let rise an additional 30 minutes.

7) Brush rolls with a beaten egg wash.

8) Bake in a preheated 350° oven until golden brown.
RECOMMENDATIONS
TO ACHIEVE THE BEST RESULTS

1) Always use fresh ingredients.

2) When purchasing yeast, always check the expiration date on the back of the package. Always use unopened packages.

3) All ingredients must be at room temperature to assure best results.

4) Whenever possible, use bread flour. Bread flour is milled from winter wheat which produces a better loaf of bread. Water should be approximately 85°F.

5) Changes in weather and the seasons can affect the bread making process. If your bread is rising too much and/or collapsing, reduce the water by three tablespoons. If, after kneading the first two minutes, the dough appears too dry, add additional water one tablespoon at a time (up to three tablespoons) until the dough is the correct texture.

6) In high altitude areas it may be necessary to reduce the amount of water being used. If your bread is not rising properly and/or it is collapsing reduce the water to 3/4C.

7) Be exact when measuring all ingredients.

8) You can make all types of yeast dough in your ABM900. To make homemade pizza dough, follow the French bread recipe and use the Manual setting. After approximately 50 minutes from pushing the Start button the dough will be ready to remove. Carefully expand the dough on a lightly greased cookie sheet or pizza pan. Spread the top of the dough with your favorite pizza sauce, cheese and other toppings. Bake in a 450°F pre-heated oven until bubbly on top. You can also make delicious homemade Danish and sweet rolls. Follow the Sweet bread recipe and use the Manual setting. Remove the dough and carefully extend on a lightly floured surface. Dough should be approximately 1/4" thick. Cut the dough into 3" squares. Put 1 tsp of your favorite jam in the center of each square. Bring two of the corners of the dough together and gently pinch. Brush the surface with a beaten egg wash and sprinkle with sugar. Place each Danish on a lightly greased cookie sheet. Cover with a clean kitchen cloth and let double in size. Bake until golden brown in a 350°F pre-heated oven.

9) NEVER touch the metal parts of the Bread Oven during or just after the baking process. The inner pot, dough hook and blades are extremely hot. To avoid getting burned always use oven mitts or a pot holder.

10) Before using your Welbilt Bread Oven be sure to read all instructions given in the Owner's Manual carefully.
